Mayfield Graves County Animal Shelter

500 N. 12th Street • Mayfield, KY 42066

Hours: Monday-Friday 10:00-4:00 & Saturdays 10:00-2:00

270.251.0130

**Donna Rohrer - Shelter Manager
with Forest, the Pekingese**

Donna became shelter manager in March 2010. She is very dedicated to the health and well-being of the animals in her care. Donna has made great improvements in the quality of care provided to the residents of the shelter. She monitors them closely to ensure they stay healthy and happy. Her experience as a vet tech has been invaluable to the operation of the facility. Her dedication to the shelter and the animals is very apparent in everything she does. Donna's greatest quality is, as she will quickly tell you, she "loves her babies!"

The Board of Directors feels very fortunate to have Donna in charge of the care of the animals in the shelter. Donna welcomes volunteers and visitors. Please feel free to go by, introduce yourself and tour our facility.

MICROCHIPS AND PET INSURANCE

Because of a new affiliation with Pethealth Services, the shelter now implants a microchip in every adopted animal and provides free 30 day ShelterCare pet insurance policy to cover the critical period when your pet is adjusting to his/her new home. Because ShelterCare is a green company, an e-mail address is required to accept the insurance.

In addition, anyone can have their pet microchipped by appointment at the animal shelter for only \$15.00. There are no hidden charges or registration fees and your pet is registered for the rest of its life. Or, watch announcements about microchip clinics, where you can get your pet microchipped for only \$10.00. For an appointment, call the shelter during business hours. For more information about microchips, please go to www.24petwatch.com.

ASPCA

Top 10 Reasons To Spay or Neuter Your Pet

1. Your female pet will live a longer, healthier life.
2. Neutering provides major health benefits for your male.
3. Your spayed female won't go into heat.
4. Your male dog won't want to roam away from home.
5. Your neutered male will be much better behaved.
6. Spaying or neutering will NOT make your pet fat.
7. It is highly cost-effective.
8. Spaying and neutering your pet is good for the community.
9. Your pet doesn't need to have a litter for your children to learn about the miracle of birth.
10. Spaying and neutering helps fight pet overpopulation. Every year, millions of cats and dogs of all ages and breeds are euthanized or suffer as strays. These high numbers are the result of unplanned litters that could have been prevented by spaying or neutering.
