

Shelter Monthly News

Hi Folks,

My thanks to all of you that make our annual chili cook-off/auction such a great success. I hope everyone had as good of a time as I did! I never cease to be amazed at the generosity and kindness of folks. We have so much for which to be thankful.

On a different note, it is the time of year that memberships need to be renewed. If there are any questions about this please call the shelter during our open hours; Monday, Tuesday, Thursday, Friday Noon to 5:00 p.m. and Saturday Noon to 4 p.m. Shelter personnel will be glad to help answer any questions.

With the holidays approaching please be aware of some of the dangers to our pets. Chocolate can dangerously affect a dog's central nervous system. So PLEASE DO NOT share your Halloween candy with them! And, unless you want to possibly clean up "MESSSES" I would not share your turkey, dressing, and the trimmings with your pet either. They really are fine with dog food. Obese animals are being killed with kindness by the very people that love them.

If you are planning a trip and cannot take your pet with you, don't wait until the last minute to make plans for them. Boarding kennels fill up really fast this time of year. Ask friends where they take their pets because not all kennels offer the same services. All of the pet's vaccinations must be up to date, including Bordatella for kennel cough. If you are not sure about this just call your veterinarian and they will know what your pet has had and what needs to be updated.

Well folks I think that is about all that is on my mind at this time. Once again, thank you for your great support of the shelter and me. God bless you and have a safe and happy holiday.

FEATURED PETS

Dawn is a beautiful girl with interesting markings. She is about 18 months old and very friendly. Dawn is up to date on her vaccinations, has been spayed and is ready to meet her new family.

Domestic Short-hair

Forest Gump is a sweet guy, between 2 and 3 years old, that loves to greet everyone that walks in the door. He is about 12 pounds of beauty and charm. He walks well on a leash and enjoys playtime with his dog friends. He is not fond of small children. He appears to have an old eye injury and his vision may be slightly impaired in that eye but it does not slow him down one bit. Forest loves to be held and petted. He went to the nursing home and was a real hit with the residents there. He loved visiting with them and certainly loved all the attention. Come visit with Forest and see if he is the man for you.
